2. Twelve reports prepared by the Economic Area were distributed among members of the group. These reports, which were selected at random, are to be reviewed to determine wherein geographic intelligence techniques might have been more effectively used. Results of this survey will be discussed at the next Ch/G staff meeting.

25X1A9A 4. [redacted] suggested that a more effective use of D/GC facilities could be made by D/GP personnel if the latter were more familiar with the compilation techniques used in D/GC. [redacted] 25X1A9A 25X1 agreed to insure that his personnel become familiar with D/GC practices in this regard.
